Dear sirs,

I was appointed as a member for the international jury for the 2017 Vilamoura Carnival Regatta, and that is an event with different racing areas, one of them exclusive for optimist.

There are during this event four classes - 420, laser std,radial and 4,7 - that have official national qualifying races.

I have a potential conflict of interest in this event, because I have two daughters and one nephew that will sail Optimist class in this event.

I have no other conflict in any other sailing classes.

Optimist races at carnival regatta is not a national qualifying event.

I ask you, if I could, or not, accept this invitation, with the condition that I should not participate, in any case, in the jury in any protest involving the optimist class.

In other words, could I be member of the jury for the rest of the classes but NOT for the Optimist Class ?

Is this possible or not ?

I ask, if possible a quick answer as possible,

With my best regards

Fernando Cruz
